A letter from your Vice-President:

Hello Parsons Pointe,

Half the year has come and gone and we are now faced with the dreaded Hurricane season. The only good thing we can hope for is more much needed rain as some of our lawns have taken a beating from our recent drought.

I would like to encourage our community to attend our Board meetings to voice any concerns or questions you may have regarding Parsons Pointe. We are here to serve this community and take pride at what we do otherwise, why else would we volunteer our time?

We are continuing to work hard to make our community the best possible.

Respectfully,

A handwritten signature in black ink that reads "Henry Robles, Jr.".

Once-A-Week Watering Restrictions
Extended Through September

The once-a-week schedule, mandated by the Southwest Florida Water Management District, was scheduled to expire on June 30.

SWFWMD's governing board voted unanimously Tuesday to extend the water shortage order through Sept. 30 after hearing that, even though the summer rainy season has started, the region is still struggling to overcome a two-year drought.

Your Parsons Pointe Board of Directors wish our community a happy and safe Independence Day. Happy 4th of July!

Other things to consider:

Folks should inspect their fences to see if they need repairing, rather than sections of them becoming missiles in a storm. Similarly, anyone who has installed a shed in their garden. An inspection of the anchorage system.
